PPL DER Team,

We have determined that the annual kWh consumption for the proposed solar array equipment at this site will result in the following:

Parasitic Load Type	kW Demand	Annual Hours of Operation	Annual kWh
Inverter Night Drain			
Solar Monitoring			
Relay Cabinet Breaker			
Transformer Losses			
Recloser Cabinet			
Data Acquisition System			
Single axis tracking system			
LED lights on motion sensor			
Surveillance Camera			
Other Miscellaneous			
<b>Total</b>			

Sincerely,
